

Product catalogue

Printed-to-order mounts, adapter plates, rack accessories and cable hardware for low-voltage, AV, security and IT installers.

01 / Camera & device mounts

HX-CM-101	Universal Camera Wall Bracket Wall bracket for compact security cameras and small sensors. Slotted holes fit common device hole patterns. ASA · Black / white · Load limit stated on quote	\$24 each
HX-CM-102	Corner Mount Adapter 90° adapter that moves a wall bracket onto an inside or outside corner without a second mount. ASA · Black / white · Load limit stated on quote	\$29 each
HX-CM-103	Pole-Mount Adapter Adapter plate with banding slots for small devices on 2–4 in poles. Outdoor suitability confirmed per order; banding not included. ASA · Black · Load limit stated on quote	Quote per order

02 / Box adapters & trim plates

HX-AP-201	Round-to-Octagon Adapter Plate Mounts round low-voltage device bases (cameras, sensors, Wi-Fi access points) to standard octagon boxes. Not a cover for boxes containing line-voltage wiring. PETG · White · Load limit stated on quote	\$18 each
HX-AP-202	Low-Voltage Retrofit Trim Plate Trim for single-gang, open-back low-voltage rings. Covers uneven drywall edges. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$21 each
HX-AP-203	Low-Voltage Blank Cover Plate, 2-Gang Blank cover for unused two-gang, open-back low-voltage rings. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$14 each
HX-AP-204	Low-Voltage Blank Cover Plate, 1-Gang Blank cover for unused single-gang, open-back low-voltage rings. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$12 each
HX-AP-205	Low-Voltage Pass-Through Plate, 1-Gang Single-gang plate with a flexible flap opening for patch cords and low-voltage cable. Fits open-back low-voltage rings. PETG frame · TPU flaps · Black / white	\$18 each

03 / Rack accessories

HX-RK-301	1U Blank Infill Panel Blank panel for 19-inch racks. Custom widths, cosmetic cutouts and two-color labels available. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$26 each
HX-RK-302	1U Perforated Infill Panel Perforated panel for 19-inch racks, with dimensions and hole patterns specified per order. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$32 each
HX-RK-303	Patch-Cord Routing Rings, 4-Pack Organizes short patch cords in accessible indoor racks. Cable runs remain independently supported. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$24 4-pack
HX-RK-304	Rack Ear Adapter Set Adapter ears that center a half-width switch, firewall or controller in a 19-inch rack opening. Device weight and depth confirmed on quote. PETG-CF · ASA · PC · Load limit stated on quote	\$42 pair
HX-RK-305	2U Blank Infill Panel Two-unit blank panel for 19-inch racks. Same custom options as HX-RK-301. Options: PETG · PETG-CF · ASA · ABS · PC · Nylon	\$39 each

04 / Cable & enclosure hardware

HX-IH-401	Patch-Cord Routing Clips, 20-Pack Flexible screw-mounted clips for short patch leads at benches or accessible racks. TPU · Black / white	\$17 20-pack
HX-IH-402	Standoff & Spacer Kit Assorted standoffs and spacers (M3/M4, 5–20 mm) for mounting small devices inside enclosures. Not an electrical insulator. PETG · 50-piece kit	\$18 kit
HX-IH-403	Desk / Rack Edge Grommets, 10-Pack Flexible edge liners for patch-cord openings in desks or open rack panels, sized per order. TPU · Black	\$15 10-pack
HX-IH-404	Patch-Cord Routing Clips, 100-Pack Contractor pack of HX-IH-401. TPU · Black / white	\$59 100-pack

05 / Custom & small batch

HX-CUSTOM	Custom Design & Print	Quote
	Send a photo, the device model, dimensions and quantity. We design, prototype and print the part, from one-offs to small batches.	per project
	PETG · PETG-CF · ASA · ABS · TPU · PC · Nylon	

01	02	03	04
Send the details	We review and quote	Fit check	Print and ship
SKU or photo, device model, dimensions, quantity and material.	Specifications, intended use, material, price and timing. Use limits are written into the quote.	Where fit is critical, we can send a prototype or fit sample first.	Printed to order in Dallas, Texas.

Choosing a material

PETG	General-purpose indoor default for plates, panels and organizers.	PETG-CF	Stiffer, with a matte finish. Indoor panels and rack ears.
ASA	UV-resistant. Standard for mounts; outdoor and hot locations when confirmed on the quote.	ABS	Indoor parts that need more heat resistance than PETG.
PC	High heat and impact resistance.	Nylon	Tough and wear-resistant; absorbs moisture, so dimensions can shift.
TPU	Flexible clips, grommets and pass-through flaps.		

General guidance, not a rating. Your quote states the material and use limits for the part.

Pricing

USD. PETG/TPU prices shown; mount and rack-ear prices are for the first material listed. Other materials and colors quoted separately. Dimensions and lead time confirmed by quote. Unused standard items can be returned within 30 days; see hexlinesupply.com/shipping-returns.

Custom orders

Sizes, hole patterns, cutouts, colors and new designs, quoted per order. For a quote, send the SKU or a photo, device model, quantity, dimensions and material. A request is not an order until we accept it in writing.

Use limits

Indoor use unless the quote states otherwise. Outdoor, overhead and equipment-supporting uses are confirmed in writing for each part, with load and environment limits on the quote. Not for structural, life-safety, fall-protection, fire-rated or other safety-critical use, line-voltage box covers, electrical insulation, strain relief, firestopping or plenum applications. Fasteners not included; the installer selects fasteners and substrate and follows applicable codes and manufacturer instructions.

Insurance. We carry commercial general liability insurance, including products-completed operations. Trade customers can request a certificate of insurance.

Show us the part you need.

Send the SKU, quantity, dimensions and material. A photo and device model help.
